

# THE TROPHY

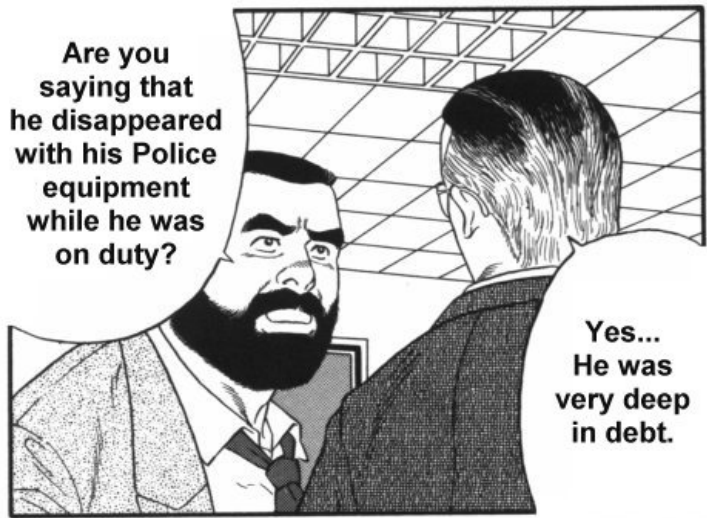

2

But it wasn't enough for him to repay the loan and he's now run off.

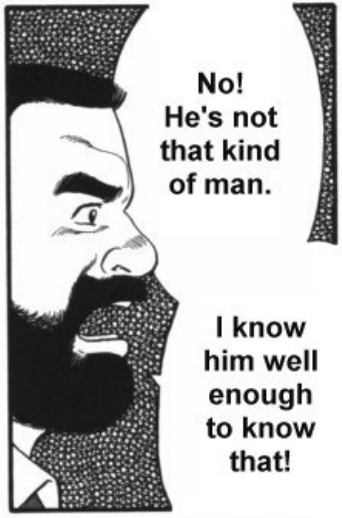

That is the conclusion of the investigation at any rate...

...he's the last man I know that would do such a thing!

Are you saying that he disappeared with his Police equipment while he was on duty?

Yes... He was very deep in debt.

No! He's not that kind of man.

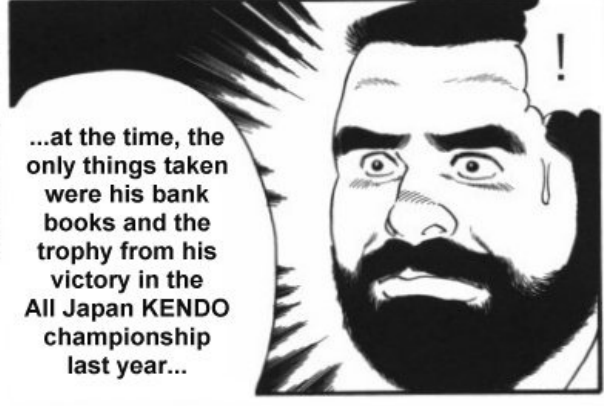

I know him well enough to know that!

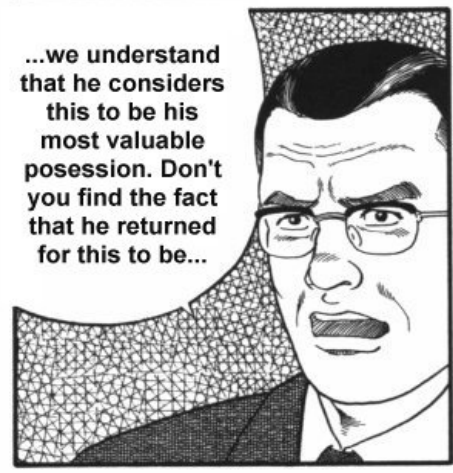

he was my junior not only in high school's KENDO club, but also at the Police Academy.

As to that...

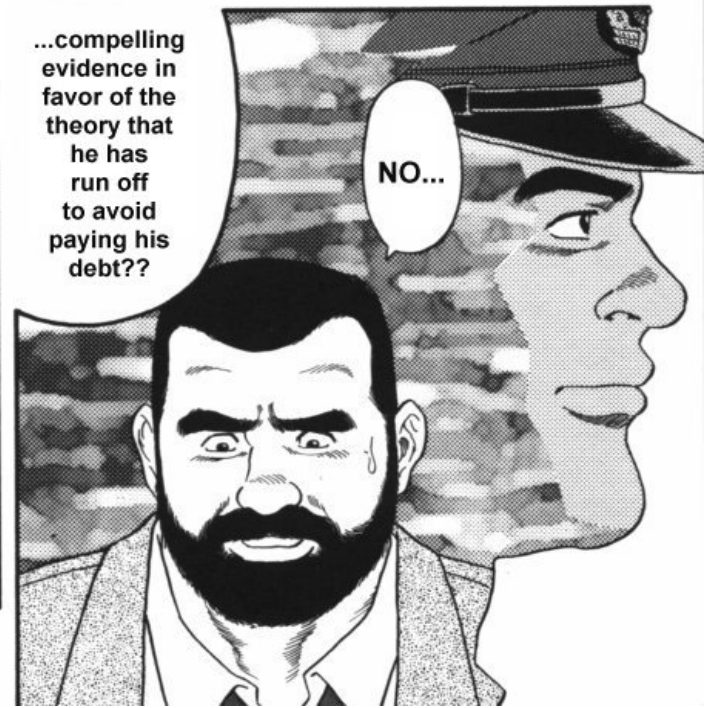

Mr Mishima, we also found signs that he returned to his home at some point a few days after his disappearance...

...at the time, the only things taken were his bank books and the trophy from his victory in the All Japan KENDO championship last year...

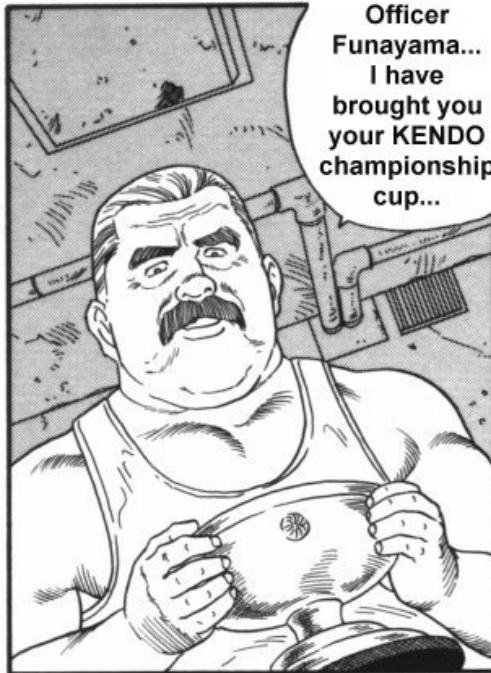

...we understand that he considers this to be his most valuable possession. Don't you find the fact that he returned for this to be...

...compelling evidence in favor of the theory that he has run off to avoid paying his debt??

NO...

Uhh...  
Uhh...

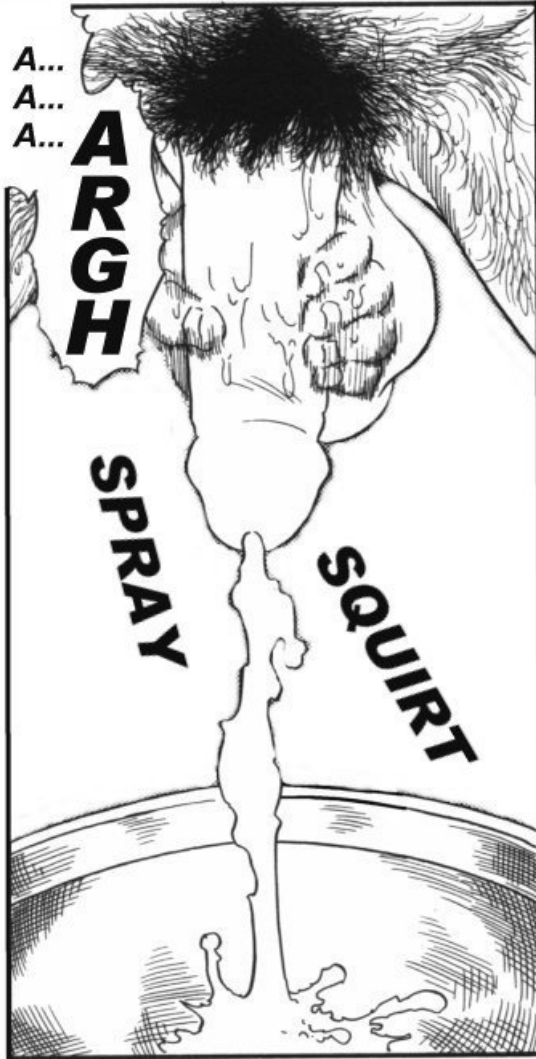

Argh...  
Argh...  
Argh...

Ungh...

**BZZZ**

If we continue much longer, your dick will be burned permanently. So what do you say???

I... I'll do it...

**BZZZ**

I'll obey you...

So stop... Please stop!!

Well then, Officer Funayama.

Let us then return to our little ceremony...

in a  
cage.

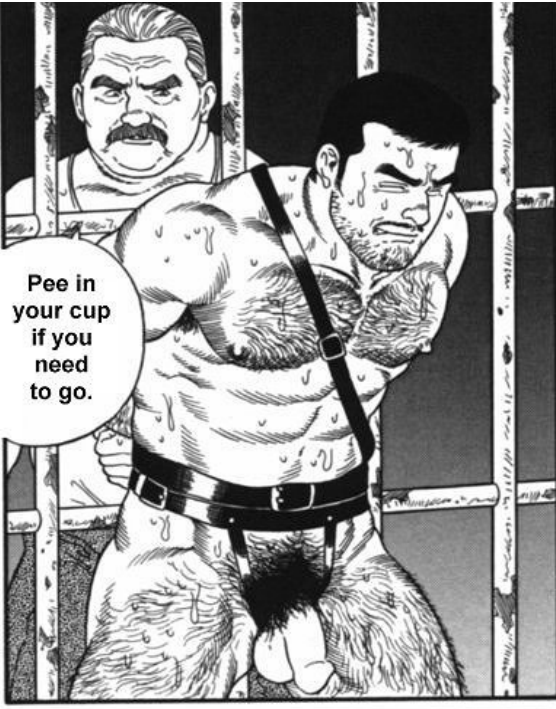

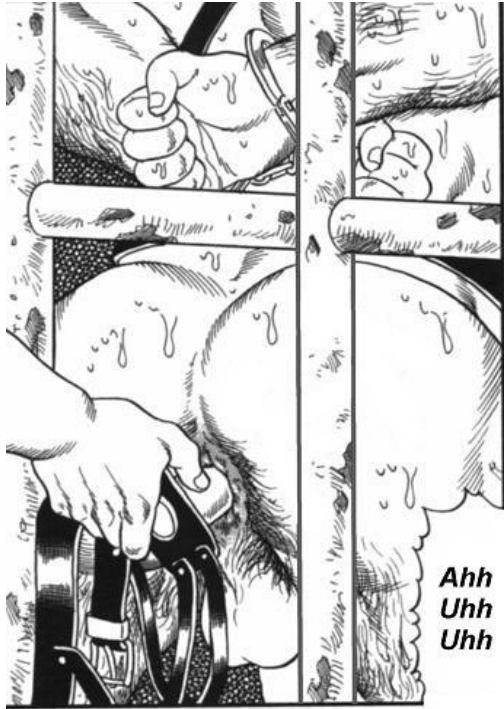

**Later...**

Show me  
your ass...

I'm going

Sir...

Yes?

...there's a phone call for you. Will you take it?

Give it to me...

...this is Ohkawa.

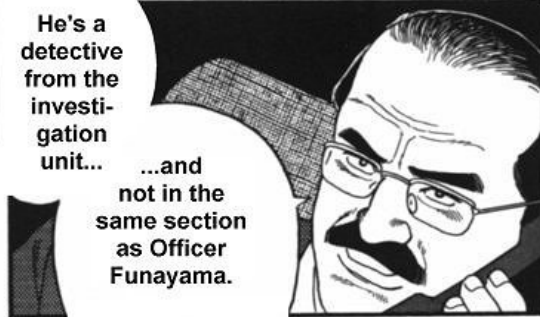

Chief Super-intendant, this is a pleasure...

What can I do for you?

What!! A man is investigating his disappearance??

Who is this man?

He's a detective from the investigation unit...

...and not in the same section as Officer Funayama.

They've been close friends since High School...

...and he's searching for Funayama when he's off-duty.

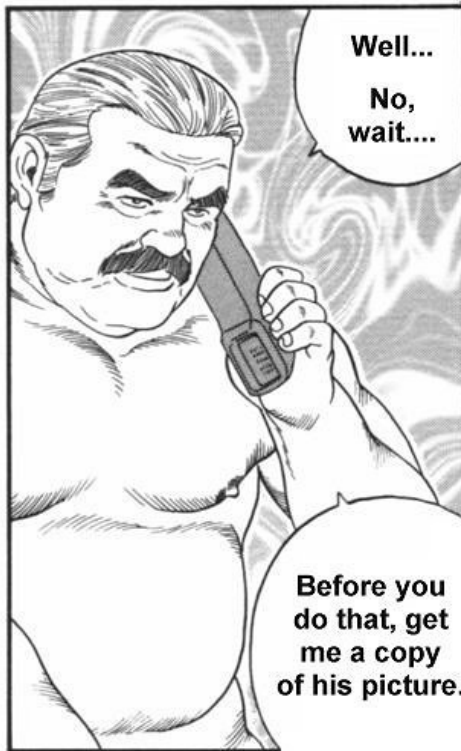

This could become trouble...

...If they're friends, he won't care if we exert pressure...

We could kill him?

To have something happen while he was on duty would be easy enough to arrange.

Well...  
No, wait....

Before you do that, get me a copy of his picture.

If I like what I see...

...it might be fun to keep a matching pair of Policemen!

Hey...

Hey!

Wake Up!!

We've brought you your breakfast, Officer Funayama.

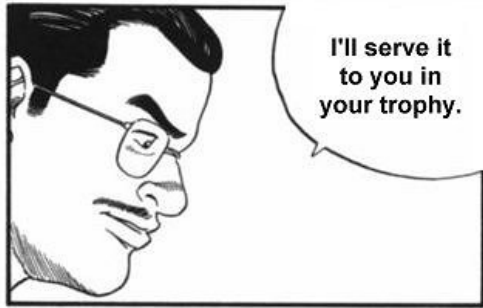

Here it is. High quality dog food.

It will be a great taste for you...

???

Wh..... What!!

I'll serve it to you in your trophy.

You're not Hungry??

Eat up!

It will taste good with your urine.

That's not funny!

Who could eat such a thing!

Officer Funayama.

You're a stubborn man, but you need to show more wisdom.

Would you prefer electric torture again?

Or perhaps we should stop feeding you any food or water until you obey me.

Or we could cut open your ball sack and remove your testicles...

...without using any anaesthesia.

Do you understand? In any case, after you are tortured...

...finally you will eat this!
