

Emergency Instructions Card

Controls of Major Accident Hazards Regulations 1999

Please read this information carefully and share it with your family. Keep it in a safe place and don't forget to leave it behind for the next occupier, should you move house.

Warning Notification

Arrangements have been made with the local radio stations to interrupt programmes and issue emergency information to you in our local community, in the unlikely event of an incident. Local radio stations will be used to keep you fully briefed on any emergency situation through regular bulletins on air. If it is safe to do so, check your neighbours have heard the radio broadcasts too.

At South Hook we ask you to please co-operate with any instructions or requests made by South Hook or the local emergency services during an incident. In the unlikely event that an incident has an effect off-site, the South Hook COMAH Alarm will alert you.

The **COMAH Alarm** has a distinctive sound - **an intermittent tone**.

The **All Clear** is a **single tone**.

The alarm is tested annually on the First Tuesday in October at 2.30pm and again at 7.30pm.

In the unlikely event of an emergency
Go In ... Stay In ... Tune In

Go In – Go indoors.

Stay In – Close windows and doors.

Switch off ventilation fans, central heating and all sources of ignition, including gas and electrical heating appliances. Block incoming draughts.

Close the curtains of windows facing our site and position yourself if possible in an upstairs room facing away from our site.

Tune In – Listen to local radio.

The emergency services will be using the local radio to broadcast key information.

102.5 FM

93-104 FM

All Clear

Wait inside until the All Clear is given or you are given other advice from the emergency services. Messages giving the all clear will only be issued by the emergency services, South Hook or the local radio.

The **COMAH Alarm** has a distinctive sound - **an intermittent tone**.

The **All Clear** is a **single tone**.
