

DMI Associates recherche un expert « Trade and Investment »

19 décembre 2011

Dans le cadre d'une consultation internationale, DMI Associates recherche un expert « *Trade and Investment* » qui pourrait l'accompagner en cas de succès de sa candidature.

Descriptif du profil: Trade and investment expert

Input required: 726 working days

Qualifications and skills:

- Master's Degree or equivalent professional experience^[1] in Economics or International Trade
- Excellent verbal and written command of English
- Knowledge of Bahasa Indonesia would be an added advantage
- Excellent communication, mobilisation and change management skills
- Proven ability to develop solid partnerships with high level officials in order to achieve project results

General professional experience:

- At least 7 years of professional experience in trade and investment matters, particularly in the areas of trade and investment policy, improvement of trade and investment climate and trade and investment facilitation
- Experience in technical assistance projects in support of trade and investment gained in developing countries, preferably in Asia
- Relevant professional experience in Indonesia would be an added advantage.

Specific professional experience:

- Experience in institutional strengthening of public agencies involved in trade and investment policy matters
- Experience in organising, managing and facilitating training for public agencies
- Having good knowledge in the conduct of trade and investment policy in EU countries
- Having a good network or capability to set up network with training institutions or universities in EU countries

^[1] Equivalent professional experience for all key experts will be demonstrated by at least 5 years of professional experience in addition to the 7 required in the "General Professional Experience" criteria

- Exposure to topics which are key to improvement of Indonesia's investment climate: infrastructure, logistics, labour market, would be an advantage
- Familiarity with public-private-partnership investment arrangements particularly in the infrastructure sector would be an advantage
