

Artist/Band: Carter Family

Song: Wildwood Flower

C Oh, I'll twine, with my mingles and **G** waving
black **C** hair

With the roses so red and the **G** lilies so **C** fair
And the myrtle so bright with the **F** emerald **C**
hue

The pale and the leader and **G** eyes look like **C**
blue.

PONT

C Oh I'll dance, I will sing and my **G** shall be **C**
gay

I will charm every heart, in his **G** crown I will **C**
sway

When I woke from my **F** dreaming, my idol was
C clay

All portion of love had all **G** flown **C** away.

PONT

C Oh he taught me to love him and **G** promised
to **C** love
And to cherish me over all **G** others **C** above
How my heart is now **F** wond'ring no mis'ry can
C tell
He's left me no warning, no **G** words of
fare**C**well.

PONT

C Oh, he taught me to love him and **G** called
me **C** his
That was blooming to cheer him through **G** life's
dreary **C** hour
Oh, I long to see him and **F** regret the dark **C**
hour
He's gone and neglected this **G** pale wildwood
C flow'r.
