You know the Unimog. But we can show you even more: new aspects – new insights – new impressions.

Experience the Unimog Museum as a living monument for a world-famous vehicle. We exhibit various alternating Unimog of six decades from the beginning until now, giving hints about technology, love stories between drivers and vehicles and lots of models, of course.

Test your Unimog knowledge.

Have you heard of how a conference in Canada changed the world technology? Or how the Unimog gives you a true driving experience? Why the Asians love their Unimog? Or why the Unimog clearly outplays an elephant? We give you the answers to all of these questions, encompassing the various original vehicles, models, photos and films. Come and test yourself – about your capabilities and your knowledge.

Certainly the Unimog is the main focus. But this is not where the story ends. We invite the whole family. It is worth the visit.

Let us take you on an interactive journey through history starting in 1945. Ready? Get some hints on politics, society, economy, professional life, art and culture, depicted via various exhibits throughout different periods of time. Experience the children's corner and the adventure stations – enjoying lots of surprises during your visit.

Impart your inquisitive nature onto your children.

With its own world of children inside the Unimog Museum, including a training station and a riddle knowledge parcours, we try to impart the world of knowledge onto children and adolescents. Take part! Show them the fascination of technology and history, mechanics and motion, working processes and progress.

Come and visit the Unimog Museum. Your Unimog Museum. Become a member of the Unimog Museum Association.
